Help your kids SOAR with Kids DISC

**Designed for KIDS, PARENTS,
TEACHERS, COACHES and more!**

Our children are fearfully and wonderfully made, but do THEY KNOW this?

Do we, as parents, grandparents or teachers understand the way God uniquely wired each of our children? Are we using this knowledge to help them thrive?

The Kids DISC Assessment is an opportunity for children to learn more about themselves and the way God uniquely designed them! Inside the report, kids and the adults around them will discover:

- How special and unique they are
- Their behavioral strengths and weaknesses
- Ways to use the knowledge to build confidence and strong relationships
- Practical ways to mature and become the best that they can be!

For kids 8-16.

Two Reports!

KIDS: You receive a 12 page report packed with customized information about your bird style; how God uniquely created you with your strengths and talents. You'll also receive tips for identifying and positively interacting with your family and the other Kids at school, in sports and activities.

PARENTS - TEACHERS- COCHES: You receive a 30 page report that provides a deeper understanding into what makes your child or student tick. This report will help you recognize and celebrate each kid's strengths instead of harping on fixing what you perceive to be weaknesses.

Customized to Your Child's Behavioral Style

- Created especially for kids, using language that they understand.
- Customized communication strategies for children based on their bird style.
- The report provides helpful information that help kids know what to do and what not to do to be their best self.
- Adults gain a deeper understanding of their kid's behavior and discover what they need from you to thrive.

It's time to take flight and watch your kids soar!

Designed for KIDS, PARENTS, TEACHERS, AND COACHES!

For adults who are familiar with DISC behavioral styles, you will see that the birds shown here represent the four styles:

D for Dominance = Eagle,
I for Influencing = Parrot,
S for Steadiness = Dove,
C for Conscientious = Owl.

By identifying with one or several of the birds, this report will help kids develop a strong sense of self and positive, healthy relationships with others.
